

## Dark Soul (Vol 5)

The gripping conclusion of the epic Dark Soul saga ... In Dark Hunter I, Stefano Marino must face his most dangerous enemy yet: US Attorney Sebastiano Beccaria, who's seeking the total annihilation of the Marino clan in the hopes of purging his own dark past. In Dark Frost, a traitor in the organization makes his move, hiring Silvio to kill Stefano. Meanwhile, Silvio struggles to find his place in the Marino home as Donata learns the truth about Stefano's affair. The game is up in Dark Hunter II, Sebastiano Beccaria confronts Stefano with evidence that will undermine his power and put his life at risk. Stefano faces a bitter choice: fight and risk it all, or flee and protect himself and those he loves. Also, there's a puppy. In Dark Lie, Stefano makes the only choice he can. With the mutiny brewing and his marriage hanging in the balance, he agrees to leave the life of organized crime. Beccaria has won, but the victory comes at high price for everyone involved. In Dark Heart, Stefano and Donata have gone to ground in Paris. When a ghost from the past tracks him down, he knows he won't survive the day if he can't find a way to make peace with all he left behind.
