

The Greatest Relationship and Dating Tips in the World (The Greatest Tips in the World)

Most people in the world want to love and be loved in return and hope to find a partner with whom they can build a fulfilling relationship. This book by TV agony aunt and relationship counsellor, Jenni Trent Hughes, is delivered in a direct, no-nonsense way but with enough humour to make it enjoyable. Jenni's great relationship & dating tips and advice will show you how to: discover the best places to meet people and what to say if you're shy; communicate effectively and let someone know you would like more from the relationship; argue, make up and solve problems in the best possible ways; discuss sex openly, meaningfully and without being embarrassed; and, pick yourself up and start over again - and enjoy doing it! Whether you are new to dating, in a partnership or even at the end of a relationship, reading this should help you overcome any difficulties and move forward with confidence.
