

Medieval Destiny: Sweetly Romantic Time Travel Mini-Adventures (Eternal Time Shadows Book 13)

Elizabeth loved helping her family run the tavern on the village green. She even accepted that she would soon have to marry. If only it didn't have to be to the butcher with his quick temper. And if only she didn't keep having these dreams about a man she had never met before ... a man named Robert ... Medieval Destiny is Book 13 of a gently cliff-hangered short story series. The sequence leads up to a happily ever after ending. From Renaissance Venice to troubled Scotland, from the Civil War to the Wild West, Elizabeth and Robert find and re-find each other. The series is clean romance and is suitable for teens and up. Half of all authors' proceeds benefit battered women's shelters. I would love your input as I'm writing these - it's your suggestions which will help guide the direction the story moves in! If you prefer to read your stories as one complete set, I will be offering the box set version of this once it is complete.
