unapproachable to all but his son.

For five years she has wanted to do nothing more than write books, but with expectations mounting, and an expiration date on the ultimatum her father Cage laid down looming, Lexi has decisions to make.

Add to that a sexy biker that's stirring up feelings she'd rather not examine, and you've got a recipe for disaster. What happens when naive meets experienced in a battle of wills that's taking no prisoners in its game of love? Can a father let go of his own selfish demands long enough to see his daughter happy? Will Devils Spawn be able to embrace their brother when they find out who he intends to claim as his own, and what he's kept hidden from them?

Forged ~ Book 6 From the outside looking in, Tobias Saint Phillips has it all. A gorgeous wife, three beautiful children, and after just being voted in as First Rider for Devils Spawn MC he appeared to be living the dream...except he wasn't. Saint was living a lie. A life based on half-truths, secrecy, and deception. Tallulah Tilly Walker married the first, and only man she's ever loved, had three precious children with him, and devoted more than ten years of her life to their life together, for what? Years of covering the hurt his transgressions inflicted on her, and even longer attempting to ignore the pity-filled stares she receives from the other old ladies. In her mind to date, ignorance had been bliss, but now, after over a decade of overlooking her husband's faults, Tilly can no longer hide her daily pain and suffering some things, no everything, has to change. With his marriage on the verge of dissolution, and his children barely aware of who he is anymore, Saint has to come to terms with the growing divide he's creating at home, and face the reality his family may soon be a distant memory, or he can choose to fight for the only people more important to him than his brothers;
