

## Life Choices: A MM Bundle

**Six Nights** Eighteen months of forced celibacy has left Jack Carson sick of dating his own hand. Now that hes back in the United States, hes ready for action. His pick up lines are rusty, and hes out of practice, leaving him feeling more than insecure. Instead of going to a gay bar, Jack heads to Rapture, a gay strip club. The men of Rapture are beautiful, tempting Jack in every way possible. But Chris, the blond haired beauty, steals the show. One kiss is all Jack wants, but it turns into more, twisting his feelings so deep he doesnt see an escape. Before the week is out, Jack wonders if Chris wants him for money or if he can trust the man with his heart? Life gets crazy, and Chris is threatened, leaving Jack with a difficult choice.

**Belong** Overpopulation has led to desperate measures on the planet. Lives are bargained for and Tey is valued above all others, but few know why. Ax is a revered leader and businessman, not the type to show up at the events. When he takes Tey, will it ruin him or be his saving grace?

**Taken** Years into the future New Yorks aging subway system forces Zel, a sex worker to walk home from work instead of taking the trains. Hes confronted on the streets of New York, threatened and almost abducted. Riley is there to save him. But can Riley save him again, or will Zel be lost forever? Previously published as Zane Adams
