Psst I've got a secret and I want to share it. If you join my readers group I'll send you Pay Back, the second book in my Lovers and Other Strangers series, and the Lovers and Other Strangers series: The Short Stories free. To sign up all you have to do is go to [www.lcgiroux.com](http://www.lcgiroux.com) you can find all of my books listed there along with longer excerpts. Hope to see you soon! An alpha male cop with a wounded heart meets a doctor with just the cure, if she can manage to live that long. Who do you have to kill to find a little love around here? Sara is thinking shortly before her chairman drops dead in front of her and she meets alpha male homicide cop Cavanaugh (Yeah, just Cavanaugh). Before she can climb out of her ivory tower she's already in way over her head. In response to reviews I took a look at the copy and found a bunch of formatting and other errors. These have been cleaned up and so has the cover image. I also added a better table of contents. One of the nice things about being an indie author is you can actually respond when people point out problems and for that I would like to thank everyone that did! I also added excerpts from two books in my series. Hope you enjoy them.
