

Double Tease

Lucia Jordan doubles the heat in her provocative new series! This is the first book of the Double Tease Series. A seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion, searing depictions and emotion. At twenty-seven years old, Violet finds all her friends coupling up and settling down, including her best friend Chloe. But it is at Chloes engagement party that Violet catches glimpse of a sexy stranger she cant get out of her mind: Conner Weston. When it becomes clear that Conner feels the same way, Violet decides to throw caution to the wind for one steamy night of sensual adventure and discovery. Conner is as drawn to Violet as she is to him, but experience has taught him that the Weston name can get in the way of real romance, and maybe even love. Conner wants to possess Violet completely, but can their relationship move beyond lust when hes keeping parts of himself so hidden from her? And will she let him be the man he desperately want to be? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
