

The Challenges of Cultural Discipleship: Essays in the Line of Abraham Kuyper

Richard J. Mouw is well known for his incisive views on the intersection of culture and Christianity and for his efforts to make the thought of major Dutch theologian Abraham Kuyper accessible to average Christians. In this volume Mouw provides the scholarly backstory to his popular books as he interprets, applies, expands on -- and at times even corrects -- Kuyper's remarkable vision for faith and public life. In thirteen essays Mouw explores and develops the Kuyperian perspective on key topics in Christian cultural discipleship, including public theology, sphere sovereignty, education, creation, and more. He deftly articulates an ecumenically enriched neo-Calvinist -- or neo-Kuyperian -- perspective that appropriates and contextualizes the ideas and insights of this important theologian and statesman for new challenges in Christian thought and service.
