My true story about my being molested at age 7 in 1964 by a man on the far west side of Detroit/ Redford Township who I would meet 20+ years later and had become a doctor whose story given to me by his then girlfriend along with his similarities to one of the OCCK sketches would lead me to believe that he could be a possible suspect in The OCCK. And the reasons why law enforcement has yet to consider him to be a possible suspect. Why law enforcement has so far refused to consider him to be a person of interest.
