

## Expositions of the Psalms 99-120 (Vol. III/19) (The Works of Saint Augustine: A Translation for the 21st Century)

Fifth volume of the long-awaited translation of one of Augustines classics and a great work in Christian literature. As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. They recapitulate and focus the experiences of Augustines personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo.
