Promising career: check. Amazing apartment: check. The best of friends: check. Sex life: MIA. There's just one thing missing from Gia Renyard's life: sexual adventure. And the one man she'd like to have it with is her hot coworker, Luke Monroe. If only company rules didn't prohibit her from asking him out.... So Gia comes up with a plan: make herself over into a fantasy seductress, follow Luke to a convention in Sin City, and have her way with him for one erotic weekend. The man will never even know who did him. Everything is going according to plan - until Gia discovers that Luke is perfect for her outside the bedroom, too. And suddenly she's no longer content to let what happens in Vegas stay in Vegas....
