

## Addicted To Love

This is the first book in the Addicted To Love Series by Katelyn Skye. Chloe is a struggling artist in New York City. Art is her gift, but also her curse. No matter who enters her life, the pull of the canvas forever impedes her ability to make a real and lasting romantic relationship. When she meets Dylan at an art exhibit, she is immediately drawn to his charm and charisma. But will the first strokes of this new relationship withstand the many strokes to come, or is Chloes dream of finding Mr. Right just another blurry abstract? This series is a contemporary romance featuring searing depictions of romantic activity.
