

Finding Our Way Again: The Return of the Ancient Practices

Shines a practical light on the spiritual disciplines that have been in use since the time of Abraham. In a sense, every day of our lives is labor. It is questionable if you can ever be exactly the same person waking up on two consecutive days. How are spiritual sojourners to cope with the constant change? Many are beginning to explore the ancient Christian spiritual practices that have been in use for centuries, everything from fixed-hour prayer to fasting to sincere observance of the Sabbath. What is causing this hunger for deeper spirituality? Brian McLaren guides us on this quest for an explanation of these spiritual practices, many of which go all the way back to Abraham and the establishment of Israel. In the midst of contemporary Christianity, we discover the beauty of these ancient disciplines and the transformation through Christ that each can provide.
