

The Protector (A Blood Legends Novel Book 1)

It only takes one to reverse the fate of all. She alone holds the powers to keep the forces of evil at bay. Her sacrifice for humanity may include her life. Mona Laveaux is unaware that she is part of an ancient legacy the product of a union between a powerful witch and a Protector. Life-altering events, including the death of her guardian, lead her on a quest of self-discovery. Fate guides her to cross paths with Xander and Hunter the Hero Twins reincarnated. Through them, she learns the purpose of her existence, both of her life and of her heart. But, with both brothers competing for her love, Mona has everything to lose and hardly anything to gain. All her decisions, including choosing one brother over the other, could mean losing humanity to the Apocalypse. Xander and Hunter must form an alliance to defeat the Lords of the Underworld. But their fight for power and Mona just might keep them divided.
