

Gregg: The Easy Way! (for 10th, 11th and Tribute Editions)

The intent of this book is to supplement the Gregg Reference Manual (10th, 11th and Tribute Editions). It allows writers to focus on the content, rather than the mechanics, of their business document or paper. It is not intended to replace the manual, but to transform the available information into a more user friendly guide, making it easier for students and professionals to reference common writing issues.
