

Just Another Bloody Year: (My Life and Other Problems) (Vernon Colemans Diaries Book 2)

A year in Vernon Colemans bizarre and tempestuous life. The sequel to The Diary of a Disgruntled Man. Comes with many health warnings. Unsuitable for the overly sensitive and the politically correct. This book contains no fats, saturated or otherwise. It is not a toy and is unsuitable for children under three years if age. It may contain nuts. May have been written in a building where salt, mustard, ketchup and other condiments are used. Passages written when the author was under stress, upset or well tintured may contain grammatical errors. This book has not been approved by the European Union for reading in public or private places and readers who do so do so at their own risk. For health and safety reasons spectacles (if worn) should be properly fitted and not allowed to rest on the end of the nose. This book is not approved or authorised by anyone and may provoke unexpected emotional responses. The ?20 hardback version is fitted with a smart blue ribbon but the kindle edition is not. This book is the companion volume to Diary of a Disgruntled Man which is the first volume in this series and also available as a kindle book. The third in the series is Bugger off and Leave Me Alone and is also available as a kindle book. The fourth book is The Return of the Disgruntled Man. Full of irony and dry humour. A book to delight those who question and scorn the absurdities of modern life and who have no respect for those who rule our lives without so much as a glance in the direction of democracy and justice. Vernon Coleman is a qualified doctor but has earned his living as an author for the last 30 years. He has written over 100 books which have sold over two million copies (in hardback and paperback) in the UK alone. His books have been translated into 24 languages. His novel Mrs Caldicots Cabbage War was turned into an award winning movie starring Pauline Collins. What the papers
