

# Four Days in November: The Assassination of President John F. Kennedy

A book for the ages.??Los Angeles Times Book Review  
Four Days in November is an extraordinarily exciting, precise, and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from Reclaiming History: The Assassination of President John F. Kennedy, a huge and historic account of the event and all the conspiracy theories it spawned, by Vincent Bugliosi, famed prosecutor of Charles Manson and author of Helter Skelter. For general readers, the carefully documented account presented in Four Days is utterly persuasive: Oswald did it and he acted alone.
