

# French Fries, Ice Cream, & Cucumber Sandwiches: A Poetic Memoir of a Journey with Alzheimers

Alzheimers disease affects all of us. The facts are startling: One in eight people aged 65 and older has Alzheimers disease.

Every 70 seconds, someone in America develops Alzheimers. By mid-century someone will develop the disease every 33 seconds. There is no known cure.\*

When my husband was diagnosed with Alzheimers disease, the doctor said that for each Alzheimers patient there was a second patient: the caregiver. I struggled with the role of caregiver for almost three years. Expressing my feelings is poetry was my therapy; it kept me sane. I am sharing these poems in the hope that they might be of help to others who have loved ones with Alzheimers. Fifty percent of the profits from the sale of this book will go to Alzheimers research. \*Alzheimers Association, 2010 Alzheimers Disease Facts and Figures, Alzheimers & Dementia, Volume 6
