

## Gift of the Suitcase

Losing baggage is not always a loss. All she wanted when she graduated from college was a ticket to Europe to improve speaking French. With little money and a large suitcase, her trek to France led to life lessons, never to be forgotten. She lost her luggage, her job and her money dwindled. She found an entire community in Central France ready to reach out with love to all who arrive. The reader discovers hope and truth in our crazy world while traveling through the unexpected impact of change. Her travel adventures and misadventures share scenery, people and insight in this delightful memoir.
