

Heart of Clay (The Tanner Series Book 6)

Mitch Tanner isn't from the side of the family with money. He barely knows his cousins and it stems from a break between his father and theirs, years before they were born. It's something they've all had to accept and grow up with. Mitch has worked hard all of his life and has been careful with his money. His passion is his pottery and all of his free time is spent in front of his potter's wheel or a kiln. His cousin Rose's artistic talent is her voice. Mitch's talent lies in his hands. Beth is a single mother and bought an old farmhouse in rural Georgia that needs a lot of work. Luckily, the guy next door, Mitch, is good with his hands. He's also good with kids. You'd think this would be a story of fate and two people that were destined to find one another and live a quiet simple life. You would be dead wrong. As Mitch stands on the precipice of fame and recognition, someone else has her eyes on the prize. Someone that doesn't care about rural Georgia, family values, or a simple life. She wants Mitch and she's determined to make it happen. No matter what it takes.
