

Hotter Than Hell (Spicy Love Book 1)

Enre has fiery red hair and an attitude to match. The world is full of injustice and he wants everything to be fair and equitable right now. Kalman is older, calm and logical, but the two men are drawn to each other. They work alone together at the far end of the gardens one day, getting to know each other as passion ignites between them. Hot, sweaty half-naked bodies, and outdoor sex are great, but can two such different people find happiness together?
