

Coleen: Forever (Waking Forever Series) (Volume 5)

Set four years after *Dying Forever*, *Coleen: Forever* is a novella that delves into the origins of the oldest vampire in the *Waking Forever* universe, the alluring, intelligent, and sometimes snarky Coleen Andrade. Coleen has seen war, famine, death, love, magic, and centuries of seduction. But for all of her wandering, experience, and living, its not just her past that catches up with her... its the present. Faced with the challenge of finding a new companion, Coleen must choose between love and tradition. She will be forced to break her own rules, and ideals she has held for centuries will be pushed aside as she struggles to reconcile the person she has been, and the one she must become to survive.
