

Rough Stock

The heart wants what it wants...Bronc riders Mason and Clay have shared both good times and bad as best friends, but they never expected to share their boss's daughter, April. Can two friends love one woman, body and soul, without it destroying them? For April that means not choosing between the two cowboys she loves, no matter how wrong it may seem inviting them both into her bed. Life sends the three lovers in opposite directions, but a devastating injury brings them all together again. Their relationship now is no less bittersweet--or complicated--than before. Once severed, old ties leave scars that are tough to heal...Warning: When you choose a man who thinks 8 seconds is a long time, perhaps you need two of them. In other words: Watch out, this book contains hot menage sex with two cowboys and the woman they love.
