

His Assistant: The Final Story (His Assistant Serials Book 4)

His Assistant: The Final Story Id just graduated from college when my dad offered me a huge opportunity at the family company. I couldnt decide if it was something I wanted. He worked every waking moment, and I knew hed expect the same from me. That wasnt who I was. Sure, I worked hard for everything I had. Why wouldnt I? I never expected things handed to me. I could get anything I needed on my own. While I worked hard, I played hard too. That wasnt something I thought my dad would understand. He offered me the summer to decide if I wanted the job. Three months was nothing. I could do it for sure. When I walked in for my first day on the job, something happened I didnt expect. She showed up. She was my sisters best friend. She was the daughter of my grandpas assistant. Id known her my whole life. We never got along. I couldnt stand her. There was no way I was spending three months around her. Not after what happened. Not after that one night. Id been avoiding her for three years. Suddenly three months sounded a lot longer than it had before.
