

His Proposed Deal

A USA Today bestselling novel. Three months. It was for only three months. My name is Emma Knight, and I'm a 24-year-old woman who was moving from Miami to New York to pursue my dream of attending Parsons School of Design. My plan was set in motion. I was packed and already on my way when I met a man and received an email, both of which altered my plans and changed the course of my life. Max Hamilton, a 25-year-old panty-melting, rich playboy who was being groomed to take over Hamilton Securities, told me it was for only three months. His proposed deal was that I had to pose as his fiancée until his 26th birthday so he could collect his trust fund. I'd help him, and in return he'd help me achieve my dream. It was a win-win situation, right? Wrong. Love was never part of the deal, and neither was the secret that Max could never find out about. Intended for listeners 18 and older.
