

Holy Clues: The Gospel According to Sherlock Holmes

If God is the greatest mystery of them all, then why not, in pursuit of God, consult the greatest detective of them all? In this imaginative and surprisingly profound book, Stephen Kendrick reveals Sherlock Holmes as spiritual guide. Drawing on the teachings of Christianity, Buddhism, and Judaism--as well as a host of thinkers as varied as Albert Einstein, Gandhi, and Vincent van Gogh--Kendrick explores the stories of Sherlock Holmes and finds remarkably prescient religious insights. He shows us the link between careful observation of clues and the Buddhist concept of Bare Attention. He illuminates the parallel between the great sleuths pursuit of justice and Gods actions on the scene of the first murder, when Cain slew Abel. And in the detectives open, engaged mind, Kendrick finds a model for uniting the principles of science with a sincere spiritual quest. The result is a book of inspiration for the modern, skeptical searcher--and an entertaining work that sheds new light on the methods of the worlds greatest detective. From the Trade Paperback edition.
