

Kiss the Cowboy (Hometown Romance)

KISS THE COWBOY, a Taste of Texas novel: What if your competition for your dream job was your dream man? All Lucy Pickett needs to become executive chef in one of Dallas finest restaurants is to pull off the high-profile wedding she's catering. So what if she's forced to share duties with Dylan Lawson, a modern-day chuck-wagon cook? So what if he's got rugged looks and cowboy charm? None of that is going to knock her off her game. Until she learns the restaurateur is considering Dylan for the position she wants. Game on and it's a winner-take-all event! Dylan Lawson finally has the opportunity he's been waiting for to prove he can do more than just be a ranch hand. The only thing standing in his way is the fiery chef fighting for the same position. Will the heated competition scorch any chance they have for love? Bonus content: THE ART OF FALLING, a Taste of Texas novella Heather Tornsten needs a major celebrity, more specifically, for a fundraising gala for the Dallas art museum, where she works. And what better headliner than bull rider Wyatt Lawrence? Although why people idolize grown men who make their living falling off animals, she'll never understand. When his mom was diagnosed with cancer, Wyatt determined to focus on doing what she wants like visiting some art museum. But when his mom teams up with Heather Tornsten to get him involved in a fundraiser, he knows he's been set up. The more involved he gets with the pretty events coordinator, the more he realizes falling off a bull is far safer. Because falling for Heather who has made it clear that she won't risk her heart on any man who courts danger might break a whole lot more than his bones.
