

Honey and the Hired Hand

When her first husband, a Texas Ranger, was killed on the job, Honey Farrell swore she'd never risk her heart again. She no longer has time for men, anyway, not with a ranch to run, a dwindling bank account and two teenaged boys to raise. So when cowboy Jesse Whitelaw turns up on her doorstep looking for work, he seems like the answer to her prayers. But Honey doesn't know that Jesse is actually a Ranger himself, going undercover to break up a cattle-rustling ring and as she and Jesse get closer, the secrets he's keeping could destroy them both.
