

Hope Reborn

The third book in Caryl McAdoo's Texas Romance historical Christian western adventure series, *Hope Reborn* brings a new life filled with hope for famous though lonely May Meriwether, its heroine. Set in the summer of 1850, it is generously sprinkled with historical happening of the era. Deciding to journey to Texas in order to interview a couple of Texas Rangers, she hopes to find new, fresh inspiration. Readers will take a steamboat south from New York city with a stop in Cuba before docking in New Orleans. Once she arrives in Red River County, both her Rangers are out of town, but she has a novel to finish and get off to her publisher and enlists her Rangers cousin to transcribe the pages. The full length novel will keep you turning pages.
