

How Sweet It Is

A free-spirited woman Eccentric interior designer Mirelle Brasseur is tired of relationships with handsome, charming, fickle men other words men just like the father who abandoned her. Shes fun and funky, but takes her career seriously. Shes not about to let a man derail her dreams or wound her heart again. An ambitious man Award winning chef Bradan Hunt is handsome and charming, but hes always honest with women about his one date-one night rule. Between his best-selling cookbooks, his TV appearances, and his restaurant, hes too busy for a relationship. He saw what a lack of ambition did to his parents. Bradan wants more. His newest restaurant is going to be the best, so he hires Mirelle to help him design it. Turn up the heat Soon it isnt just the food sizzling in the kitchen, in spite of Mirelles misgivings, as the attraction between the chef and the designer heats up. It will take more than one date-one night for them to overcome their pasts and find a way to cook up a sweet future together.
