

How to Get Rich: One of the Worlds Greatest Entrepreneurs Shares His Secrets

Felix Dennis is an expert at proving people wrong. Starting as a college dropout with no family money, he created a publishing empire, founded Maxim magazine, made himself one of the richest people in the UK, and had a blast in the process. How to Get Rich is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why ownership isn't the important thing, it's the only thing.

a try, however, since it was written by Felix Dennis, a man on that account) but because of its insights into human

nature and into the world I especially recall two points from the book that I want to share with other readers.
