Prince is back!! Just when you thought this book could not surprise you any more, you were wrong. After getting shot and escaping death, Prince has returned but why? Is he back for vengeance or to make things right with those he loves? When he walks into the living room of his condo where his sister is being held at gunpoint by the one person who got him shot, to say they are shocked is an understatement. Prince is back to settle some scores and who will survive his wrath is going to blow your mind. Africa thinks that Prince is back to ride off in the sunset with her. Micah is doing everything he can to make her happy and be a father to their son. After moving in with his mom, he plans to start a new life with Africa and be the family man that he always wanted to be. Not having a dad around when he was growing up makes him want to be the best dad he can be to Princeton, but at what costs? Lexus and Zay are still together and loving life as the happy couple. Will Princes return destroy everything they worked so hard to build? Will Prince and Zay start their feuding again? Will Africa get her happily ever after? Who will survive this Brooklyn battle for power? Love, loyalty, respect, power, betrayal and lust all surround this city but who will make it out alive. Find out in the finale of Im in Love with a Thug 5.
