

Stepbrother Confession

Kelsy and Eriks parents were made for each other, a true love story. Unfortunately, so were Kelsy and Erik. When Kelsys mom marries Eriks dad, the smitten teen has to accept that her moms new relationship makes Erik off limits. So she settles for developing a tight bond as close friends with her sexy, bad boy step-brother instead. When things go a little too far after Kelsys graduation party, Erik finds himself destroyed by his guilt for letting his feelings for his step sister get the better of him. In an attempt to flee from his forbidden love for Kelsy he takes off on a motorcycle, leaving his step sister heartbroken, convinced that shes to blame. When a tragic accident that takes their parents lives six years later, Kelsy is faced with an opportunity to convince Erik that she had been nothing more than a silly school girl with a crush. Shes all grown up now with a career and a fiance, ready to patch things up and move forward as siblings. And nothing more. If only she can convince herself...
