

## Carla & Reek 2: A Thug Type of Love

Rule #1 - Never underestimate the enemy.  
- Yo Gotti The Art of Hustle In the drug game, respect doesnt come easy. Tyreek ends up learning that the hard way. With fresh gunshot wounds and drama at an all-time high, he finds himself second guessing his current position. Is drug pushing, and gun toting really something he wants to do? Although it seems as if the odds are stacked against him, the streets and the money associated with it continues to have a hold on him. How much more is he really willing to take for the sake of respect and revenge? Is he willing to risk it all? Even the woman hes madly in love with? Although the hold Reeks love has on Carla is of the same intensity that the streets has on him, shes beginning to reach her breaking point. Feeling as though her voice of reasoning is falling on deaf ears, she avoids conversation about Reeks lifestyle all together. Life changing events, has her second guessing and questioning what comes first in his life. Will the stress of a thugs love end up being too much? Or will Carla, for the sake of love and family, remain by Reeks side in his desperate time of need? Who do you trust in a world where you feel everyone is out to get you? In a city where its either kill or be killed, everyone is faced to make tough decisions thatll ultimately, possibly costs them their lives.
