

Blue Fire

Re-release of 2009 novella - Fire cost Jared Kenny his home and all his memories of the man hed loved for over half his life. But it also brought him firefighter Adam Collins and the purest blue eyes Jared had ever seen. Despite the best efforts of his department, Adam had to watch with Jared while Jareds house burned to the ground. Something about the man touched Adam and made him want to follow up and protect him. Later, when the two of them gave in to their passion, it burnt and bared them both. So Jared ran...from Adam, from his past, and from everything their future together could hold. He tried to start a new life, taking only his newfound passion for glass and his obsession for a finding a particular shade of blue, the blue of the heart of a flame. It took a near-tragedy to teach him that the blue he sought, hed had all along...in his firefighters eyes.
