Sometimes that first touch is the only spark needed Vance Hendrickson works hard at his garage, content with his life, right up until he gets a call that leads him into the life of one Kendria Bonher. Shes running from something and he wants to protect her with a ferocity that stuns him. Kendria is used to a different world than one gets in the small town of Cottonwood Falls, Georgia but finds herself falling not only for the town but the mechanic who makes her emotions race off the chart.
