Unexpected Treasure (Book One): Richard Storm is saddened that his children are throwing away their lives, and offers them an ultimatum. They have two years to take a failing business and make it a success or they lose their trust funds, and are on their own. His stubborn children think hes gone insane, but they dont know the powerful secret that can knock them to their knees and tear their family apart. Will they come together as they should, or will self-centeredness consume their hearts, ripping their family apart forever?

Crew Storm opens an exclusive resort in the Catalina Islands off the coast of California, and pride swells within him as he accomplishes the impossible. Everything is going on track until a blond steps into his life and begs him to teach her how to be the perfect seductress after she researches his technique of charming and luring women to his bedroom. Haley Sutherland is done with her fears, done being a wallflower and done being invisible. She comes up with a brilliant idea to find the perfect person to teach her how to seduce the man she truly wants. Though, the person shes chosen to be her teacher is Crew Storm, soon she finds shes forgetting her first loves name. Hidden Treasure (Book Two): The second book in the Lost Anderson series is here, and it comes to you with a kicking and screaming heiress. Brielle Storm inherits a

dilapidated ranch in the wilds of Montana and she isn't happy about her situation in the least. She may be moving to her new home, and she may be planning on doing whatever it takes to make her billionaire father happy, but she certainly won't be doing it with a smile on her face. No. Brielle plans on coming to Montana, hiring some ranch hand to do all the work, and then getting out of there before the first winter snow has a chance to hit. Montana isn't a state that offers predictable weather and Brielle is going to find out that the land isn't the only thing she has to fear. When her hotter than any city boy ever dreams of being, cowboy neighbor shows up on her doorstep, Brielle decides that maybe Montana isn't so bad after-all. That is until he laughs openly at her city girl ways. Then, she has something to prove

Holiday Treasure (Book Three): Mega wealthy Tanner Storm has it all great looks, wealth, and nothing holding him down. Then, his father decides to play games with him and his siblings, handing him an apartment complex in downtown Seattle that Tanner wants nothing to do with. When the conditions of his father's terms ensure that he do something with this building or lose his inheritance, he at first thinks, so what. But, then it becomes a challenge that he has to accept, because he's never before backed down. He decides to tear down the building and start fresh with something far more appealing that will add to his already fat wallet. The only problem is that the residents don't want to leave, and under the contract with his father, he can't force them out. When he ends up before Judge Kragle from all the complaints made against him, the judge decides the best punishment for him will be two weeks of living in the very apartment complex he despises and two weeks of community service, playing Santa Claus at the mall. Perfect! This is not the Christmas of his dream.
