

## Then Came Alexandra (Southern Love) (Volume 1)

You're everything to me. More than everything. Alexandra After a horrific accident working as a nurse in the emergency room, Alexandra becomes reclusive to the world around her. Unable to speak or function, she pushes away her boyfriend, Paul, of two years. Her distance causes him to spend time with someone else; betrayal causes her to pack her bags and leave everything behind. She doesn't know what comfort she'll find in Savannah, Georgia, but she flees anyway. Blaise After inheriting the most lucrative cotton field in the south, Blaise has to become a man early in life. He spends his nights with different girls, knowing they are after his money and his special abilities in the bedroom, but he makes a serious mistake with Danielle. Now she lives with him and he guards a secret that he promises to keep even though that secret is destroying his life. When Alexandra comes into town, her smile and compassion evident, Blaise wants her, and not just in a physical way. Unable to keep his distance, he falls for her, not knowing how long he can keep his secret
