

Into the Amazon in Search of Truth

If you cant live this adventure yourself, read Joel Harris journal in search of Truth. An amazing journey into the heart of the Amazon. A Must Read!This book chronicles the authors journey through his journal entries. Beginning in Portland, OR, the book begins with the constant questioning and searching for truth and answers to complex and universal problems, eventually leading up to the decision to venture out on a quest for knowledge. This is where the book takes a sharp turn and follows his adventures through the Peruvian Amazon, while also following his adventures inward and through the universal truths and knowledge many others have caught glimpses of. Anyone interested in personal transformation will enjoy this. Reading Mr. Harris journey inspires you to look at yourself and see how you would like to change your own life for the better. Its enjoyable to read someones journal and be a part of their personal experience. The information on Shamans and the use of Ayahuasca in the Amazon is fascinating as well. A lot of the authors art and photos are found inside. An intimate portrait of self-discovery. (Kirkus Review) I deeply and sincerely thank you for your work, it was very powerful for me. (J. Macin, Jiu-jitsu Wold Champion)
