

Indie Chicks: 25 Women 25 Personal Stories

This exciting anthology contains stories from twenty-five women from different parts of the world. Their ages differ, as do their backgrounds and locations, but one thing they all have in common is a spirit of independence and a determination to not only succeed, but prevail. Whether their struggles are to maintain balance between motherhood and career, escape from an abusive relationship, or to step out in faith and pursue a dream, all of these women have forged their own path. As women, one of our most powerful gifts is the ability to encourage one another. This book is an effort to encourage women across the world. These twenty-five women share stories that will make you laugh, inspire you, and maybe even make you cry. Their hope is that these stories will inspire YOUR independent spirit and allow you to live the life you were meant to live. In addition, each woman has included a sneak peek into one of her own novels. All proceeds from this book will go to a charitable organization that fights breast cancer - a disease all too close to home for many of us. Our prayers and best wishes are with those who are struggling with this terrible and devastating disease. Buy a book for yourself and gift one to the important women in your life. Together, we can make a difference. Thank you for your support.
