

Intermezzo

A disappointed ballerina, a brooding composer, and a few days in Paris that may change their lives forever... Is it the sparkle of lamplight on a rain-drenched Parisian street? The thrill of a clandestine clinch in a foreign hotel? Maybe its the universal urge to go back and relive that one crucial moment--to try again, knowing what you didnt know back then. Whatever it is, its ridiculously hot. Just like it was that first time, so many years ago. Only this time, Lily and Aidan arent sure theyre willing to walk away from each other when the night is over.
