

Time Travel Romance: Highlander Gold (Historical Time Travel Romance) (New Adult Comedy Romance Short Stories)

Maya Goodwin is an historian and published author, working on a history of the Jacobite risings in Scotland. She knows the story of the Loch Arkaig treasure- an enormous cache of Spanish gold intended to aid Bonnie Prince Charlie in his quest to take the throne of Scotland. Now Maya has found new documents that send her on a journey west toward the small island in Loch Ness where she believes the gold was hidden in the mid-eighteenth century. An auto accident leaves her unconscious by the side of the road. When she comes to, her car is missing, and the man who helps her seems utterly ignorant of automobiles, cell phones and even current fashion. Slowly, Maya comes to a horrifying realization. Without knowing how or why, she has been flung backward in time to the seventeen-nineties, and her only ally is Duncan MacDonnell, a poor farmer whose land was stolen by the English in the aftermath of the failed uprisings. Can Maya find her way back to her own time? Will Duncan help her? Or will the flashfire attraction between them make her choose to stay? Their quest to find the hidden gold brings unexpected danger and makes them both question what they truly want and whether they have any real choice about their futures. Will they choose to part? Will they be torn apart? And is someone else waiting to claim their love? Warning! This ebook contains explicit scenes of passion and desire. For adult eyes only!!!
