

Island Home: A landscape memoir

I grew up on the worlds largest island. From his childhood, Tim Winton's relationship with the landscape around him - Australia's swamps and bush, rockpools, seacaves and scrub - has been as vital as any other connection. Whether camping in hidden inlets, walking in the high rocky desert fringe, or diving at Ningaloo Reef, Winton has felt the place seep into him - its rhythms, its dangers, its strange sustenance. Island Home is the story of how that relationship with the landscape came to be. Charged with love for the huge, besieging force of Australia's wild spaces, this book is a passionate call for their conservation, a memoir that urges us all to feel the ground beneath our feet. Tim Winton's *Lands Edge: A Coastal Memoir*, is also available from Picador.
