

Island of Secrets (Mills & Boon Modern)

A temptation too far The only way Luc MacAllister can get his hands on his inheritance is to spend six months on a Pacific island with his stepfathers alleged mistress. Joanna Forman could tempt a saint, but if Luc wants to keep his sanity and his secrets he should keep her at arms length. Taking her inheritance would confirm Lucs belief that shes a gold-digger, but turning it down would cost Joanna everything. So she must stand toe-to-toe with the powerful tycoon and hope that she can fight the attraction that burns between them until the end of the long, hot summer I have been a fan of Robyns for years! She writes so beautifully and never fails to deliver a big smile on my face at the end of each book. Uzma, Copywriter, Monmouth
