

What Americans Need to Know About Jihad

One of the most important booklets you will ever read, What Americans Need to Know About Jihad is essential to an understanding of the radical, expansionist, totalitarian ideology that seeks to establish a global Islamic state ruled by Islamic law, or Sharia. These goals and motives of Jihad are detailed in Islamic texts and by Islamic teachers and have been uttered by the likes of Osama Bin Laden, Iranian president Mahmoud Ahmadinejad, and the leader of Hezbollah, Hassan Nasrallah. In this booklet, Robert Spencer lays out the Jihadist ideology in a concise manner, examining the Islamic history behind each of the violent precepts and their modern applications. Spencer shows in chilling detail that the goal of the Jihad is not only isolated acts of violence but world domination by any means necessary.
