

Joshua and the City (The Joshua Series)

The fourth installment in the Joshua series, Joshua and the City reaches some encouraging and very important conclusions. In an urban community where poverty, senseless violence, racism, and AIDS seem like insurmountable problems, Joshua manages to sow seeds of renewal with his words of love. He reaches out to every person with transforming openness, showing how to regenerate the city and bring about undreamed-of economic revitalization. Yet many other problems remain that money cannot help. And it is, most importantly, to these that Joshua addresses his healing message. In a world of despairing doubt, Joshua and the City gives the reader hopeful answers that lead toward peace and understanding.
