

Windows into the Light: A Lenten Journey of Stories and Art

Building on the interest generated by Sullivan's previous art and spirituality title, *Windows into the Soul*, this book focuses on the journey from darkness to light inherent in Lent. By using an easily accessible liturgical format, the book provides a pathway for those who walk from Ash Wednesday to the empty tomb of Easter. Organized around holy days and Sundays in Lent, chapters begin with a prayer or poetic excerpt, followed by scripture for the day or week. A narrative then expands on the themes introduced by the prayer and scripture. Exercises following the narratives are simple collage exercises using differing techniques and are accessible to a wide audience. Soul Questions, popular with readers, guide the spiritual exercise following the narrative, and Thoughts for the Journey, also popular with *Windows* readers, complete each chapter with suggestions for further reflection.
