

Dark Moonless Night

Seven years ago, Caroline had considered Gareth Morgan unsuitable as a husband. Now she was to find herself part of Gareth's life again when she got a job in Central Africa where he was living. And Gareth wasted no time in telling her. If you have any foolish notions of trying to rekindle old fires, you'll be wasting your time! But did she want to rekindle old fires? In England there was Jeremy Brent, eager to marry her; and now, in Africa, Nicolas Freeleng made it clear he found her attractive. What did it matter how Gareth felt?
