

Laci Peterson The Whole Story: Laci, Scott, and Amber's Deadly Love Triangle

Finally, here is an in-depth analysis of the most important factors surrounding the Laci Peterson murder case. Brad Knight discusses with candid frankness and sharp clarity the deadly love triangle of Laci, Scott and Amber, as well as many of the pivotal issues that were brought into the original investigation. Since then, much of this key evidence has been overlooked by the general media. In Laci Peterson The Whole Story, learn answers to questions that you would never have thought to ask, but will wish you had. The author, intriguingly, lays out and compares several powerful new theories that the trial lawyers could have effectively worked to their advantage. Inside you will find the best legal, analytical, investigative, and most of all-descriptive literary work available until now on the subject; all put into a wholesome, down-to-earth, and common sense perspective. Knight presents: Rare interviews with primary but discreet participants. The reason why prosecutors shouldve called Cory Carroll as a witness. His own more powerful version of prosecution and defense closing arguments. Plus a whole roller coaster ride of fascinating incidents throughout the case.
