

Under the Gun (Thriller)

A good agent never lets the job become personal. Who wanted her dead? That's what Claire Samson wanted to know. On the run and alone, there was only one man she trusted to find her. Recovery agent Luke Hathaway was the best at locating and saving, and she needed the best if she wanted to live. But the handsome agent who promised salvation had some conditions of his own. If he were to help, she needed to stick close by his side. Very close. And the only thing more dangerous than her current situation was the way Luke made her feel. From the protective look in his green eyes, she could tell he felt the same. But every second that brought them closer together was also ticking toward an explosive confrontation that might tear them apart.
